

**COMPREHENSIVE “ONE-STOP CARE” AVAILABLE AT  
MOUNT SINAI DOCTORS BROOKLYN HEIGHTS**

***Integrated, multispecialty medical practice also offers  
urgent care and on-site diagnostic imaging***

**(Brooklyn, NY – Sept. 18, 2013)** Brooklyn residents now have access to top-quality health care with the formal opening of Mount Sinai Doctors Brooklyn Heights. The 75,000-square-foot comprehensive outpatient medical office brings together more than 20 physicians and other medical staff covering primary care and a host of specialties. An urgent-care facility is also available seven days a week, and on-site state-of-the-art imaging suites allow patients to receive same-day X-rays and other diagnostic services.

As part of the Mount Sinai Health Network, all physicians and medical personnel at Mount Sinai Doctors Brooklyn Heights are affiliated with The Mount Sinai Medical Center in Manhattan. WESTMED Practice Partners is managing day-to-day operations at the facility, which is located at 300 Cadman Plaza West on the 17<sup>th</sup> and 18<sup>th</sup> floors. Mount Sinai Doctors Brooklyn Heights first opened its doors earlier this year, and has since expanded its number of specialties and medical staff.

“Our goal is to offer Brooklyn residents access to physicians who are among the best in their fields, state-of-the-art diagnostic tools, and urgent medical care that works best with their already busy schedules,” said Peter J. Tesler, MD, Medical Director of Mount Sinai Doctors Brooklyn Heights. “We look forward to helping the residents of Brooklyn and beyond maintain their health and wellness for years to come.”

“Mount Sinai Doctors Brooklyn Heights represents a new standard of healthcare – expanded access to primary care at a location where medical specialists work collaboratively to provide personalized care for each patient’s unique needs,” said Simeon Schwartz, MD, Chairman and CEO of WESTMED Practice Partners.

In addition to internal medicine and pediatric primary care services, Mount Sinai Doctors Brooklyn Heights offers specialty services including allergy, cardiology, immunology, endocrinology, family medicine for adult and adolescent patients, gastroenterology, infectious disease, nephrology, neurology, OB/GYN, ophthalmology, orthopedics, and pain management/anesthesia. General surgery consultations and follow-up appointments are also held at the practice.

The [Urgent Care Center](#) at Mount Sinai Doctors Brooklyn Heights is available without appointment for prompt care for patients with non-emergency injuries or illnesses, including skin rashes, sprains, stomachaches, flu symptoms, and eye and ear pain. Urgent care services are available from 9am to 9pm on weekdays and from 9am to 5pm on Saturdays and Sundays.

Mount Sinai Doctors Brooklyn Heights also features the latest imaging technologies, including digital x-rays, a 16-slice CT scanner, full-field mammography, and sophisticated OB-GYN and

fetal assessment tools, which deliver extraordinary imaging quality for obstetric and gynecological exams, allowing for earlier, more detailed evaluations of fetal development and health.

“The future of healthcare lies in reining in costs without sacrificing the highest levels of care, and Mount Sinai Doctors Brooklyn Heights is the prime example of how this can be achieved,” said Kenneth L. Davis, MD, President and Chief Executive Officer of The Mount Sinai Medical Center. “Here, we have gathered top doctors, nurses, diagnosticians and medical staff in a multispecialty, outpatient setting, allowing the patient to benefit from more efficient, convenient and comprehensive medical care under one roof.”

Mount Sinai Doctors Brooklyn Heights is the latest part of the Mount Sinai Health Network, which brings the quality care offered at The Mount Sinai Medical Center in Manhattan and at Mount Sinai Queens to individuals and families living throughout the New York metropolitan area.

“The expansion of our Network will extend and create exceptional health care options in our diverse communities,” said Arthur Klein, MD, President of the Mount Sinai Health Network. “Multidisciplinary clinics such as Mount Sinai Doctors Brooklyn Heights offer one-stop shopping for medical care and has the added benefit of allowing us to meet the goals of delivering top-quality, outpatient healthcare.”

### **About The Mount Sinai Medical Center**

The Mount Sinai Medical Center encompasses both The Mount Sinai Hospital and Mount Sinai School of Medicine. Established in 1968, Mount Sinai School of Medicine is one of the leading medical schools in the United States. The Medical School is noted for innovation in education, biomedical research, clinical care delivery, and local and global community service. It has more than 3,400 faculty in 32 departments and 14 research institutes, and ranks among the top 20 medical schools both in National Institutes of Health (NIH) funding and by *U.S. News & World Report*.

The Mount Sinai Hospital, founded in 1852, is a 1,171-bed tertiary- and quaternary-care teaching facility and one of the nation’s oldest, largest and most-respected voluntary hospitals. In 2011, *U.S. News & World Report* ranked The Mount Sinai Hospital 16th on its elite Honor Roll of the nation’s top hospitals based on reputation, safety, and other patient-care factors. Of the top 20 hospitals in the United States, Mount Sinai is one of 12 integrated academic medical centers whose medical school ranks among the top 20 in NIH funding and *U.S. News & World Report* and whose hospital is on the *U.S. News & World Report* Honor Roll. Nearly 60,000 people were treated at Mount Sinai as inpatients last year, and approximately 560,000 outpatient visits took place.
